

# Bloomingtondale Civic Association Historic Preservation Committee

## *Historic Preservation Panel Discussion*

**When:** Thursday, Nov. 5, 2015

**Where:** St. George's Church  
160 U St. NW

**Time:** 6:30pm until 8:30pm

The Bloomingtondale Civic Association Historic Preservation Committee will present a panel discussion to explain the processes for historic district designation and permits needed to renovate or repair historic property, grants available to fund historic renovations, and the recently approved R-4 Zoning regulation and its impact on restricting pop-ups. The DC Offices of Planning and Regulatory Affairs will give these presentations. We intend to have a balanced discussion. Please come out and let us hear from you. It's important that you let us know how you feel about a historic district.

Is it a designation that you want for your property?
